

VOLUNTEERS NEEDED

4th of July - George Washington's Ferry Farm

This is an all-call for individuals interested in signing up to volunteer for our 4th of July celebration. Our celebration will be a very exciting event this year and I would like to invite you to be a part of it all. Not only is it our 10th year of hosting and America's 240th birthday, but we are truly in the midst of one of the most historically significant events to take place in our lifetime and perhaps that of our great country; reconstructing the Washington's home atop the original foundation. To quote Doris Kearns Goodwin from our official groundbreaking ceremony last April, *"With the reconstruction of his boyhood home, the boy who eventually became the man we honor today—more than three centuries later—will be brought back to life for generations of boys and girls, men and women, alike."*

Volunteer opportunities:

- **Set Up**
- **Directing Participant Parking / Staff & Volunteer Parking**
- **Admissions – assist staff & hand out information**
- **"Sign the Declaration," Face Painting, Crafts, Games and "Hands-on History"**
- **"Floater" – give breaks and assist where needed**

Please feel free to contact me with any questions.

Thank you in advance for your support!

Susan L. Sherman
