## APPLIED MATHEMATICS MINOR

**OPEN TO ALL MAJORS!** 

Want to use mathematics to solve <u>real world</u> problems?

The **Applied Mathematics Minor** could be perfect for you!

A minor in applied mathematics will add the perfect <u>finishing touch</u> to your degree!

## The applied mathematics minor will help you:

- Develop higher level math skills
- Learn to apply mathematics to numerous disciplines and scenarios

## **Applied Mathematics Minor Requirements (19 credits):**

MATH 122 MATH 312
9 credits from: MATH 300, 351, 352, 411, 421, STAT 381, 382, MATH or STAT 361
3 credits from: MATH 224, STAT 280, CPSC 220, ECON 301, or any 300/400 level course w/ approval

For more information on the Applied Mathematics minor and its requirements:

- Contact Dr. Lee (llee3@umw.edu) or Dr. Collins (jcollin2@umw.edu)
- Refer to the Applied Mathematics Minor section on page 177 of the 2019-2020 Undergraduate Course
