What is the Summer Language Immersion Program?

The Summer Language Immersion Program (SLIP) is an eight-week program that helps participants of all ages develop practical, everyday second language skills in French, German, and Spanish. SLIP students also learn about the cultures of the countries in which these languages are spoken, and they use their language skills at lunch with their instructors and in project-based language settings in the afternoon. This program is a wonderful opportunity for students of all ages who want to learn and practice second language skills in a safe, beautiful environment.

Choose the Summer Language Academy because of its:

- Park-like campus in downtown Fredericksburg, Virginia
- Expert UMW French, German, and Spanish professors with international teaching experience
- Small classes with students of all ages
- Rigorous but fun curriculum that allows students to advance from novice to intermediate language level

Requirements:

- No previous knowledge of French, German, or Spanish
- Desire to learn the language in a near-immersion setting
- Motivation to work hard on your speaking, listening, writing, and reading skills
- Openness to other people in class and to the French/German/Spanish-speaking cultures
