

*UMW Department of Mathematics*

# *Spring 2019 Alumni Colloquium*

*Briana Amoroso  
Taitem Engineering, PC*

Ms. Amoroso is a 2010 graduate of UMW and holds a BS in Mathematics and Music. She also holds an MS in Sustainable Engineering from Rochester Institute of Technology from 2017. She will be speaking on lessons she learned when transitioning from a UMW math major to entering the engineering world focused on the most pressing global energy issues. She will also be sharing advice about navigating career decisions.

All students are welcome to attend!

Wednesday, April 10th

4:00 p.m.

140 Trinkle Hall
