## THEA 390: Theatre Practicum Agreement

A student who enrolls for practicum credit undertakes a production project or responsibility for which they will be supervised and graded by the faculty. Although the various production assignments require differing amounts of time and effort, practicum credit generally reflects a minimum time commitment of 42 hours, unless otherwise noted in the *Practicum Handbook*. The final grade will reflect the student's achievement and excellence. Students may count up to eight credits of THEA 390 towards graduation. By providing your contact information below, you consent for us to publish it on production contact sheets and to include you in group email communications.
